Dear U.S. District Court Judge Alsop,

I have traveled from Northern Marin County to receive a status update re. case CV 02-094-WHA (Brog V. ASTRUE) having received NO notification from the court re. any matter of a hearing date or trial or conference date per se.

I received a print out of the docket proceedings and see that a Case Management Conference was set for 8-7-08; I was never served notice of this conference.

I just spoke with the Clerk of the Court and found out you have referred my Attorney Fee matter # C 08-02094 over to Judge Armstrong in Oakland. Please Judge Alsop, I am requesting that this case be kept in the

# CV 02-093  
Retro SSF Benefits

San Francisco Venue and also ~~as~~ have written to Judge Armstrong that my other case (originally filed in San Francisco then transferred after I requested the matter be heard before a fully credentialed U.S. District Judge and NOT before Magistrate LaPorte) be reassigned back to San Francisco and heard separately or, combined with case # CV 02-094 WHA. I live in NOVATO, CA. in poverty on disability benefits, and ~~am~~ with chronic severe pain resulting from a head-on collision with an 18 year old drunk driver 8 1/2 years ago — to separate these two cases and put them in two opposite venues would impose on me a physical and monetary strain I could not bear.

Thank you Judge.
